Average progress	3.7	3.9	3.7
% expected progress	100	100	92
% exceeding expected progress	42	75	58

End of year 2017	RD	WR	MA
Average progress	3.3	3.4	2.7
% expected progress	86	86	71
% exceeding expected progress	43	60	43
End of year 2018	RD	WR	MA
Average progress			
% expected progress			
% exceeding expected progress			

- Whole school PP progress above non PP in reading and writing, below in Maths (but only .2, .3)
- 43% of children have exceeded expected progress in Maths, 60 % in writing and 43 % in reading
- KS 1 PP made progress significantly above non PP in reading, above in Maths and progress above non PP in writing.
- KS 2 PP above non PP progress in reading, significantly above in writing and significantly below in maths.
- Progress in Key stage 2 for PP children affected by low progress of one child with poor attendance, low parental engagement and reluctance to access extra support. Also only on FSM since December 2017
