**3) Have a go at completing this feeling poem.**

Writing poems can be easy and fun! Just follow these simple steps:

1: Choose a human emotion (abstract noun) - e.g. fear, love, hate, happiness etc.

What colour is the feeling?  
What does it taste like?  
What does it smell like?  
What does it look like?  
What does it sound like?  
What does it feel like?

Be descriptive and your poem will come to life!

Fear

Fear is black like stormy clouds  
It tastes like cold rice pudding  
It smells musty and damp  
It looks like a dark lonely street  
It sounds like echoing footsteps  
It feels like being alone

4) **Record yourself reading** your favourite book or poem. The video needs to be less than a minute and then you can upload it onto Tapestry.
